Players will experience three different golf experiences – typical New England holes with woods & wetlands, link style holes with rolling hills & mounds, & a quarry layout on four holes with high granite walls along fairways and greens. ** Shotgun start: 11:30am**

In every sense, Boston Golf Club* is a true golfer’s paradise and walker’s only delight. Architect Gil Hanse has done an exceptional job marrying the past with the present, and this vision is evident in every shot you take at Boston Golf Club. **Rolling tee times start at 11:00am**

*NOTE: Boston Golf Club is a walking course and all golfers must be comfortable walking 18 holes. Caddies are included in your sponsorship. Limited space available.

---

NEW IN 2024: Our post-golf festivities offer an earlier evening with delicious food, an open bar, awards, and our silent and live auctions.

---

**OVERVIEW OF THE EVENT**

10:00am  Registration & Practice Facilities Open  
11:00am  Golf & Complimentary Lunch

Did you know?

One person dies of melanoma every hour, every day.

Men are at a higher risk of developing life threatening, undetected melanoma.

Get a skin check every year.

Once melanoma spreads, it can be deadly.

Melanoma is the second most common cancer among 15-29-year-olds.

Our support groups provide opportunities to talk to others dealing with the same challenges.

Melanoma is 99% curable when caught early.

Your support, partnership, and sponsorship is essential to allow us to expand the scope of our programs to reach more people and save more lives. Together, we can make an IMPACT today and create a healthier tomorrow.

ABOUT US
IMPACT Melanoma, a national non-profit 501(c)(3) organization, is the nation’s leading non-profit dedicated to significantly reducing melanoma in the United States and saving lives. We focus on prevention education programs that include customized and integrated programs for communities. In addition to skin cancer prevention education and programs, we are committed to supporting melanoma patients and their families and advocating for and influencing urban development policies to address shade equity in America.
