2024 Partners In Prevention Product Catalog
Partners In Prevention

We are thrilled to have you join us in:

- Increasing awareness
- Prevention education
- Promoting early detection
- Saving lives

This Partners in Prevention Product Catalog is designed to assist you in assessing which IMPACT Melanoma Programs and elements will meet your goals and budget as we partner together.

We customize the elements to maximize your reach and IMPACT.
Practice Safe Skin is the anchor program of all levels of our Partners In Prevention Programs.

Awareness, education, and access to free sunscreen is included in our comprehensive sunscreen dispenser program. Community partners such as parks & recreation along with corporate sponsors can reach large audiences at beaches, parks, and in urban areas. Practice Safe Skin can be further extended to outdoor workers with prevention education programs.
Sunsceen Dispensers

Three options for displays
- Large 21" round
- Small
- Neoprene sleeve for foot pedal dispenser

All Natural SPF 30 or Sport Sunscreen SPF 30
- Water resistant

Shade is important to our health and can protect us from cancer-causing UV rays. IMPACT Shade offers corporate sponsors and community leaders the opportunity to provide portable shade in communities, particularly in urban areas. As part of IMPACT Shade, we seek to partner with architects, urban planners, and community leaders to incorporate shade into urban development projects.
IMPACT Shade
