IMPACT MELANOMA
THE SKINNY ON SKIN

A FREE certification program that saves lives.

…I am grateful to be Skinny on Skin Certified to promote early detection. I feel empowered and confident in what to look for and how to speak with my client. I highly recommend IMPACT Melanoma's Skinny on Skin certification.

Lexie Choate-Bewley
Licensed Esthetician and owner of Skin by Lexie

The Skinny on Skin Program is a **FREE CERTIFICATION PROGRAM** targeting professionals including hair stylists, barbers, tattoo artists, massage therapists, estheticians, and nail technicians who are in a unique position to spot melanomas or other possible skin cancers early.

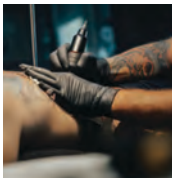
Did you know?

- **Melanoma is the deadliest form of skin cancer.**
- **Melanoma on the head and neck is particularly dangerous.**
- **Melanoma on the back is often not detected early.**
- **When melanoma is detected at an early stage, surgical removal cures the disease in most cases.**

We Need Your Help

Too many Americans don't take the dangers of exposure to the sun's UV rays seriously.

We are looking for professionals across the country to help us dramatically increase early detection of skin cancer and save lives!



INCREASE EARLY DETECTION

SAVE LIVES

Get Certified and Save Lives!

Our Skinny on Skin Certification program offers you the chance to save lives by learning how to identify suspicious skin lesions and how to speak with your client to seek medical care from a dermatologist or other health professional.

Set aside just one hour to get Skinny on Skin certified.

Two options to be a Certified Professional

1. Online certification
2. Virtual Training Sessions by a Licensed Dermatologist

Together, we can and will make an IMPACT.

"The program left me passionate about what I can do to share the information with others and potentially save lives.

"I now know how to broach the subject with my client without causing distress.

…having a base of knowledge is infinitely beneficial. I see my clients every four to six weeks, so I know if something looks different and what doesn't…This program is exactly what we need.

Sharon Clohesy
Owner, Hair and Scalp 360

IMPACT Melanoma, a national non-profit 501(c)(3) organization, is the nation's leading non-profit dedicated to significantly reducing melanoma in the United States and saving lives. We focus on prevention education programs that include customized and integrated programs for businesses and communities. In addition to skin cancer prevention education and programs, we are committed to supporting melanoma patients and their families and advocating for and influencing urban development policies to address shade equity in America.

IMPACT MELANOMA

PREVENTION. DETECTION. SUPPORT.
